### Meet Our Students...Cynthia

*The solid, biblical foundation I received at SBC&GS prepared me for my educational career, my ministry, and my personal walk with the Lord. My professors invested in me as an individual and not just another student. The life-long friendships I formed during my time at SBC&GS have given me a network of like-minded believers who encourage me to keep pursuing the Lord through all of life's challenges. The flexibility to work at my own pace online or in class was just what I needed. I'm so thankful God led me to Shasta Bible College & Graduate School!*
