ACCREDITATION AND APPROVALS

SBC&GS is accredited by the Transnational Association of Christian Colleges and Schools (TRACS) a CHEA and USDE approved accrediting agency.

SBC&GS is approved by the California Bureau of Private Postsecondary Education.

Meet Our Students...Robert

Being married with two young children, I chose SBC&GS because it allows me to continue to support my family by working full-time and still pursue an MDiv. The fully-online program has been engaging and challenging; featuring much of what is gained in taking courses in person, while offering me the flexibility of studying in the time between work, family, and ministry commitments. The tuition is very competitive and it offers a discount to veterans who have exhausted their VA benefits. I appreciate the small class sizes that allow for better access to faculty when there is a need for help with coursework, or I have questions that can be answered by their subject matter expertise.
