He has presented papers at the Pre-trib Study Group in Dallas and is a clear communicator of Bible prophecy. He has also taught at Christian colleges in MI and CA. Currently he is Professor of Bible at Shasta Bible College & Graduate School where he teaches at both the undergraduate and graduate levels. One of his specialties is teaching an overview of the Book of Revelation to churches. Dr. Wilcox is an alumnus of Western Baptist College (Corban University) and Dallas Seminary where he earned his Th.M. and D.Min.

**Dr. David Nicholas** is President and Professor of Theology and Apologetics at Shasta Bible College & Graduate School and Bible teacher on *Truth for Today* in No. CA. **Dr. Dan Iles** currently serves with Indigenous Ministries International as a teaching missionary in third-world and Middle East countries. He is also a part-time faculty member at Shasta Bible College & Graduate School. Dr. Iles was the founding pastor of Combie Bible Church in Grass Valley, CA, served as pastor of Pollock Pines Community Church and Mt. Range Church in Fort Collins, CO. He holds the Th.M. from Dallas Theological Seminary and earned his D.Min. at Western Seminary.

**Pastor Al Franklin** has served as Senior Pastor of Grace Baptist Church for the past 38 years. While the thrust of his ministry has been exegetically-based Bible exposition, he is widely known and respected for his practical defense of Biblical creation based on irrefutable scientific evidence found in the fossils he has unearthed and identified in California's Shasta, Kern & San Luis Obispo counties, Arizona Wyoming, Montana and South Dakota. Using actual fossils, he demonstrates the absolute impossibility of evolution and the abundance of fossil evidences for the world-wide flood recorded in Genesis 7 & 8. His observations have often baffled and confounded secular evolutionists who have no reasonable explanation for the evidence he presents.

**Prof. Bruce Wood** is Student Enlistment Administrator and Instructor in Science at Shasta Bible College & Graduate School. He formerly served for 17 years with the Institute for Creation Research leading tour groups through the ICR Creation Museum and lecturing on the scientific evidences which confirm and support the Biblical account of creation. He is skilled at responding to questions from both believers and skeptics. He is an alumnus of Christian Heritage College and Northwest Baptist Seminary. He took his graduate work in Science at ICR's Graduate School. His creationist lectures are fascinating and well received by Church groups and Christian schools.
