OUR PRESIDENT'S PERSPECTIVE:

Dr. David R. Nicholas

Shasta Bible College and Graduate School is serious about equipping Christian leaders for the 21st Century! If God is directing you into pastoral ministry, youth ministry, music ministry, Biblical counseling, missions, Christian school administration or teaching; I hope you will carefully examine this catalog along with the quality credentials and practical experience of SBC's teaching faculty. Why? Because at SBC we believe that teaching involves more than the transmission of course content. Much of what students gain at SBC is *caught* as well as *taught* by dedicated mentors who take an individual interest in each student. Our task, as we see it, is to *excite* you with insights into Scriptural truth, *equip* you to know, handle and apply God's Word with accuracy and excellence, *motivate* you to confront the darkness of contemporary culture with a boldness and power that comes only through Holy Spirit empowerment, and to *model* before you a passion for the souls of men, the priority of personal discipleship and the ministry of Bible believing local churches.

Over the past 30 years, God has privileged Shasta Bible College and Graduate School to equip Christian leaders who now serve across the nation and in many parts of the world. In fact, alumni surveys reveal that over 80% of SBC's male graduates enter church ministry, missions or graduate seminary studies. Over 60% of SBC alumni (male and female) are presently engaged in some form of vocational Christian service. SBC students who go on for graduate study find that they are exceptionally well-prepared in Biblical knowledge, theological understanding and Biblical languages.

Often students who come to SBC to acquire a Biblical foundation for life find that their SBC experience causes them to "blossom" both spiritually and academically. As a result, many discover new *purpose* in the prospect and privilege of serving Christ. This newfound *purpose* can revolutionize study habits and provide fresh motivation for academic pursuits. Even students with mediocre high school or college records are frequently transformed into serious students. No guarantees, but it can and does happen!

New and returning students this year enjoy state-of-the-art library facilities and classrooms in SBC's recently constructed Learning Resource Center. We rejoice over God's provision and we are everlastingly grateful for the generosity of so many friends of the College who are committed to equipping future Christian leaders. We look forward to God's continued blessing as Shasta Bible College and Graduate School grows and expands to meet the challenges of equipping Christian Leaders for the 21st Century!

If you're looking for an affordable Christian college where commitment to Biblical Inerrancy and the sufficiency of Christ for life and ministry is foundational . . . where historic Biblical Christianity is defended and taught without apology . . . and where professors really care about students, then Shasta Bible College and Graduate School may be just the place for you! So, if you're serious about serving Christ, I hope you will join us at SBC where we're serious about equipping you to fulfill Christ's final command (Matt. 28:19, 20).

Yours for equipping faithful servants,

David R. Nicholas, M.S., Th.D., President

OUR CHANCELLOR'S CHALLENGE:

We live in a day and age when little consideration is given to the practical aspects of Biblical communication. Because of the many fine Bible expositors who minister daily or weekly over radio, television, and in growing Bible-believing local churches across the country, people can know a great deal about the Bible without ever really making Biblical precepts a practical part of their lives. What we need today are Spirit-controlled students dedicated not only to *talking the walk*, but also to *walking the talk!* Only then will we prepare future servants of Christ who will *finish well!*

As Chancellor, it is my desire to see young men and women taught not only the truths of God's Word, but how to implement those truths in their lives and ministries so that people will see Christ living in and through them.

Shasta Bible College and Graduate School is committed to helping students grow in their knowledge of the Scriptures. But we are equally dedicated to their personal spiritual growth and the cultivation of their desire to love and serve the Savior, who came to earth as God incarnate, setting for us an example of how to be a servant on behalf of the Father.

If God should be speaking to you about attending a Bible College more interested in helping men and women become outstanding vessels for our Lord's service than in numbers or the development of a name, then you must prayerfully consider SBC. I trust that it might be my privilege someday to see you here as a student.

Royal D. Blue, B.A., D.D.

HISTORY AND DEVELOPMENT

Equipping committed, qualified Christian leaders for Christ's service in the 21st century is the mission of Shasta Bible College & Graduate School. The institution's origins date back to 1970 when God laid it upon the heart of Dr. Royal D. Blue to investigate the possibility of initiating an evening Bible institute extension from Multnomah School of the Bible, utilizing the facilities of North Valley Baptist Church. While speaking at Multnomah's Spiritual Life Conference, Dr. Blue met with Dr. John Mitchell, Dr. Willard Aldrich and Mr. John Grunland (director of the evening school) concerning the possibility of bringing an extension program to Redding. Several weeks later, Dr. Aldrich and Mr. Grunland flew to Redding to meet with Dr. Blue and other pastors in the Redding area who were burdened to make Bible institute courses available in the Northern California area. The need for such a program was evidenced by the increasing demand on North Valley Baptist Church to supply young pastors to minister in area churches which lacked qualified leadership, thus an extension program was initiated which subsequently developed into the Northern California Bible Institute (NCBI) with Rev. Hubert Garland as its first part-time Executive Director.

A second stage of growth came under the direction of Dr. Oran Smith who was called as NCBI's first full-time Executive Director. It was under Dr. Smith's leadership that the day program was begun in addition to the original evening Bible Institute. During these years NCBI flourished and extension centers were developed in Susanville, Weaverville and other surrounding population centers. Following the home-going of Dr. Smith, Rev. Don Lamberson and Rev. Lynn Pace assumed the leadership followed by Mr. Roger Martin under whom NCBI became independent in 1979 with its own Board of Directors and committees composed of concerned Christian leaders and laymen. Following the resignation of Rev. Martin to enter church ministry, Dr. Charles Shoemaker was called as Executive Director. During Dr. Shoemaker's tenure NCBI's first buildings were erected and the institution was authorized to grant degrees by the California State Board of Education. On January 1, 1982, NCBI officially became known as Shasta Bible College under the leadership of Dr. Gordon Rasmussen who was called as President following the resignation of Dr. Shoemaker. Under Dr. Rasmussen's administration the Oran Smith Building was completed and steps were taken to move the College toward accreditation with the American Association of Bible Colleges.

In July of 1985, Dr. David Nicholas was selected to assume the presidency. Coming from a background of experience in both pastoral ministry and Christian higher education, Dr. Nicholas led in the broadening of SBC's curriculum, initiated a daily radio Bible teaching broadcast known as *Truth for Today*, led SBC in sponsoring the annual Greater Redding Area Church Enrichment Convention (GRACE), and began an aggressive pursuit of institutional accreditation. In 1997, accreditation with the Transnational Association of Christian Colleges and Schools (TRACS) was attained. TRACS is the only Christian accrediting agency approved by the U.S. Department of Education to accredit both undergraduate and graduate institutions. TRACS is also approved by the Council on Higher Education Accreditation (CHEA). Consequently, Shasta Bible College and Graduate School is now listed in the publications, *Accredited Institutions of Postsecondary Education* (consulted by all accredited institutions to determine transfer credit eligibility), and the *Higher Education Directory*, which lists all USDE approved institutions and accrediting agencies. Shasta Bible College and Graduate School is also approved by the Association of Christian Schools International to offer classes and programs leading to ACSI Certification.

Currently, SBC offers Bachelor of Arts degrees in Bible and Theology with emphases available in Pastoral Ministry, Cross Cultural Missions, Biblical Studies, Theological Studies, Biblical Languages, Biblical Counseling, Christian Family Life Education, Youth Ministry, Christian Education, and Christian Teacher Education. A Bachelor of Arts in Christian Professional Studies is also offered (*Available only in the ASCEND Program, a intensive degree completion curriculum designed for students 25 years and older who have completed at least 60 units or hold an*

A.A. degree). In 1999, the graduate division of SBC was initiated making the Master of Science in Church/School Administration available to educators desiring to qualify for administrative positions in the Christian school and/or church environment. Students in the M.S. program may emphasize counseling/psychology, assessment, or family and youth ministries. Additional Masters degrees in Christian Ministry, Biblical Counseling and Christian Family Life Education are currently under development.

Shasta Bible College and Graduate School also offers a unique educational service to the community through its SOAR (*Strategic Opportunity for Academic Recovery*) program. This program provides individualized educational assistance to students in public and private schools who are struggling with reading and math. The SOAR program has proven successful in raising student grade levels and affords SBC's education majors hands-on experience in dealing with educationally challenged elementary and high school students as well as some adults.

The campus is located on 55 acres three miles east of downtown Redding. Presently, two sixplex student dormitories provide housing for single students and the College assists married students in finding housing off campus. Oran Smith Hall houses the Student Services offices, the Student Bookstore, a shared classroom for the SOAR program, the Chapel, Dining Hall and the Student Lounge. The Faye Messler Library is located on the ground floor of the new Jack M. Hicks Learning Resource Center along with a unique Creation Museum featuring fossils, artifacts and other geological evidences supporting the Biblical account of creation a world-wide flood. Additional classrooms, faculty and administrative offices and The Robert G. Nicholas Evangelists' Hall of Fame are located upstairs on the second floor.

Today, over 60% of Shasta Bible College and Graduate School graduates (male and female) are active in some form of vocational Christian service. 80% of SBC's male graduates either enter some form of church ministry or go on for graduate seminary work. Thus far, nearly 100% of SBC's Christian teacher education graduates have been placed in Christian schools. Recently, a number of SBC alumni have been accepted for missionary service with mission organizations including the Association of Baptists for World Evangelism (ABWE), Evangelical Baptist Missions, Village Missions, and American Missionary Fellowship (add additional agencies). In addition, SBC alumni are pastoring churches affiliated with the General Association of Regular Baptists (GARBC), Conservative Baptist Association of America (CBA of A), The Independent Fundamental Churches of America (IFCA), The Southern Baptist Convention, and various other independent Baptist, Community and Bible churches. SBC also has alumni serving as military chaplains in the armed forces.

LOCATION AND FACILITIES

The campus is situated on a twenty-five acre parcel, located three miles east of downtown Redding, just off Highway 44, near Airport Road, providing easy access to nearby air and bus terminals.

Because Redding is located at the hub of Northern California's recreational wonderland, students have easy access to both summer and winter outdoor opportunities. Summer water sports (boating, water skiing, and fishing), outdoor activities (hiking, camping, climbing, and backpacking) and winter sports (downhill and cross country snow skiing) are all within a short drive.

A young and growing campus, Shasta Bible College and Graduate School, presently has two six-plex student apartments to house both single and married students. Oran Smith Hall is the current site for two classrooms, the chapel, a student lounge, the Book Store and Student Services (Admissions and Records, and Financial Aid). The Learning Resource Center currently houses the library, Administration/Faculty offices and classrooms.

The facilities for on-campus parking, study, and recreation are adequate for a growing student body. All facilities and equipment fully comply with all federal, state, and local ordinances and regulations for health, fire, and building safety.

Library

The college presently has over 27,200 volumes with over 3,000 electronic volumes in process. SBC's user friendly library designed to house 50,000 volumes and seat fifty four people. There are video and audio resources, and Curriculum and Juvenile literature collections. The computer station with internet and word processing always available to users also has web site links and other educational resources. Periodicals are over 2,000 volumes with over 60 current paper subscriptions. There are reciprocal arrangements with two local institutions: Simpson University (110,000 volumes) and Shasta College.

DOCTRINAL STATEMENT

All members of the Board of Trustees, Administration and Faculty of Shasta Bible College, commit annually to respect and uphold the doctrinal statement of the College in its entirety.

We Believe...

The Scriptures

We believe in the plenary and verbal inspiration of the Scriptures, both of the Old and New Testaments. By this we understand that the Holy Spirit not only inspired the thoughts of the writers, but also superintended the wording and composition structure of those thoughts with the result that the original documents were inerrant as to fact and infallible as to truth (1 Cor. 2:13; 2 Tim. 3:16-17; 2 Peter 1:20-21). We further believe that the Scripture is to be interpreted normally according to the grammatico-historical method, which requires the literal existence of Adam and Eve as the progenitors of all people, the world-wide cataclysmic flood, the creation of linguistic barriers and the origin of nations brought about by the diversification of languages and the consequent linguistic barriers at the tower of Babel.

The Godhead

We believe in one Triune God: Father, Son and Holy Spirit; eternal in being; identical in nature; equal in power and glory and having precisely the same attributes and perfections (Deut. 6:4; 2 Cor. 13:14).

The Creation and Man's Fall

We believe God created all things in the universe in the six days of creation described in Genesis 1:1-2:3. We further accept the Creation account as both factual and historical, and thus view it as foundational to the understanding of every fact and phenomenon in the created universe. In addition we hold that all things that now exist are being sustained and ordered by God's providential care. Furthermore, we believe that God created man in His own image and likeness of God; but, through Adam's sin, man became alienated from God, acquired a sin nature, and came under the judicial sentence of death (Gen. 1:25-27; Rom. 3:22-23; Eph. 2:12).

The Person and Work of Jesus Christ

We believe that the Lord Jesus Christ, the eternal Son of God, became man, without ceasing to be God, having been conceived of the Holy Spirit and born of the virgin Mary, in order that He might reveal God and redeem sinful man. We believe that the Lord Jesus Christ accomplished our redemption through His death on the cross as a propitiatory and substitutionary sacrifice, and that our redemption is made sure to us by His resurrection from the dead in the identical, though glorified, body in which He was crucified (John 1:1-2; Luke 1:35; Rom. 3:24-25; 1 Pet. 1:3-5).

We believe that the Lord Jesus Christ is now in heaven exalted at the right hand of God, where, as High Priest for His people, He fulfills the ministry of Representative, Intercessor and Advocate (Heb.9:25; 7:25; Rom. 8:34; John 2:1-2).

The Personal Return of Jesus Christ

The personal return of Jesus Christ will be pretribulational and premillennial. While His return is imminent, the exact time of His coming is unrevealed (Acts 1:11; Rev. 1:7; Mark 13:33-37; Titus 2:11-13; Rev. 22:20). When He comes in the air He will remove His waiting church from the earth by means of resurrection and translation (1 Thess. 4:16-18) after which He will pour out the righteous judgments of God upon the unbelieving world during the tribulation period (Rev. 6:1-18:24). Following this period of tribulation He will descend with His church, resurrect the Old Testament and Tribulation Saints (Dan. 12:12-13; Isa. 26:19-21) and establish His literal Messianic Kingdom over all the nations for one thousand years (Rev. 19:1-20:6; Matt. 13:42-43). At the close of this thousand year period, He will raise and judge the unsaved dead at the Great White Throne Judgment (Rev. 20:11-15). Finally, as the Son of David, He will deliver up His Messianic Kingdom to God the Father (1 Cor. 15:24-28); and, as the eternal Son, Christ shall reign forever with the Father in the New Heavens and the New Earth (Luke 1:32-33; Rev. 21:1-22:6).

The Holy Spirit

We believe that the Holy Spirit, the third Person of the Godhead, in the present age regenerates and indwells all believers in the Lord Jesus Christ, baptizes them into the Body of Christ, and empowers for

service. We also teach that every believer is commanded to be filled (controlled) with/by the Holy Spirit (Rom. 8:9; 1 Cor. 12:12-24; Eph. 1:13, 14; 5:18-20) and that the Spirit administers spiritual gifts to the church for the ultimate purpose of bringing glory to Christ through the implementation of the redemption of the lost and the building up of believers in the Faith (John 16:13-14; Acts 1:8; 1 Cor. 12:4-11; 2 Cor. 3:18). In this respect, we hold as well that God the Holy Spirit is sovereign in the bestowing of His gifts for the perfecting of the saints today, and that the sign gifts (speaking in tongues and sign miracles) in the initial days of the church were for the purpose of authenticating the ministry and message of the apostles as revealers of divine truth and were never intended to characterize the lives of believers (1 Cor. 12:4-11; 13:8-10; 14:22; 2 Cor. 12:12; Eph. 4:7-12; Heb. 2:1-4).

Salvation

We believe that salvation is the gift of God offered to man by grace and received by personal faith in the Lord Jesus Christ, and that this faith is manifested in works pleasing to God (Eph. 2:18-20; Titus 2:11-14). We believe in the spiritual unity of all believers. We believe that all who are truly saved shall be kept by God forever (Rom. 8:1, 38, 39; John 10:27-30; 1 Cor. 1:4-8).

The Church

We believe that the Church is a spiritual organism composed of all believers who have been born again in this age by the Spirit of God and thereby are baptized by Him into the body of Christ (John 3:5; 1 Cor. 12:13). It is both the mystical body and the bride of the Lord Jesus Christ (Eph. 4:4; 5:25-32) which He began to build on the day of Pentecost (Matt. 16:18; Acts 2:47). The members of this one spiritual body are to assemble themselves together in local churches for worship, instruction, mutual encouragement and the observance of baptism and communion (Heb. 10:25; Matt. 28:19-20; Rom. 6:1-5; 1 Cor. 11:23-24). The local church is an autonomous body of immersed believers united together, upon profession of faith, under the headship of Christ and the leadership of pastors and deacons (Col. 1:18; Acts 10:47, 48; Phil. 1:1; 1 Tim. 3:1-13). It is to be free from interference by any ecclesiastical or political authority and is to endeavor to reach men and women for Christ at home and abroad.

The apostasy, the great falling away characteristic of the last days (2 Thess. 2:3, 2 Tim. 3:1; Matt. 24:12), is detrimental to the work of Christ and His church. Since the ecclesiastical movement toward one ecumenical world church contributes to the Apostasy by sacrificing historic Biblical doctrine on the altar of religious unity, The Christian should recognize the dangers of the ecumenical movement and avoid compromising alliances which often lead to the denial of Biblical inerrancy and the subsequent abandonment of historic Biblical doctrine as well as the essential deity of our Lord Jesus Christ (2 John 8-11; Rom. 16:17-20; 2 Cor. 6:14-7:1).

Satan

We believe that Satan is a personal, evil being who was originally created perfect along with an innumerable company of sinless beings known as angels. According to Scripture, Satan was formerly "Lucifer, son of the morning," who through the sin of pride fell and was followed by a great number of angels, some of whom became demons who assist him as emissaries in subverting and supplanting the work of God. He is the tempter and accuser of mankind who persistently strives to counterfeit the works and truth of God. Satan and his emissaries were defeated and judged at the Cross of Christ and will be bound for a thousand years at the return of Christ to the earth. Following Christ's Millennial reign, they will be cast into the Lake of Fire where they will be punished eternally (Isa. 14:12-17; Ezek. 28:11-19; 1 Tim. 3:6; 2 Cor. 2:10, 11; 11:13-15; Matt. 4:3; II Pet. 2:4; Jude 6; Rev. 12:9,10; 20:10).

The Final State

We believe that the condition and retribution of the lost and the salvation and blessedness of the saved are conscious and everlasting (Mark 9:43-48; Rev. 20:15; 22:3-5, 11).

Conclusion

We not only believe that this body of doctrine is a sacred trust to be preserved and taught in its purity, but we also believe that it teaches a life *to be lived and a gospel to be preached.*

INSTITUTIONAL PHILOSOPHY* (Abbreviated)

OUR EDUCATIONAL PREMISE

The educational philosophy of Shasta Bible College is founded on Biblical truth as the basis for evaluating all knowledge (Proverbs 1:7, 2:6, 9:10; Col. 2:3). Thus, in the process of equipping students with a working knowledge of God's Word, we also seek to bring a Scriptural dimension to the study of the humanities, fine arts, social sciences, and science, based upon the conviction that foundational principles for every area of learning are found in Holy Scripture.

OUR EDUCATIONAL PROCESS

While Shasta Bible College is committed to the pursuit of academic excellence, an effort is made to identify and develop hidden potential in students and to cultivate their creative abilities to the limits set by God for each individual. Many, because of Christian conversion, have a fresh motivation to succeed. The study of God's truth as revealed in Scripture and the search for academic truth is to be guided by experienced, spiritually and academically qualified faculty members who themselves are open to learning as they teach and interact with students. It is our conviction that the optimum learning experiences are those in which the student is encouraged to apply principles learned in the classroom to practical problem solving situations.

OUR EDUCATIONAL PERSONNEL

At Shasta Bible College we contend that what an individual is as a person directly impacts his or her effectiveness as a teacher or administrator. For this reason a priority is placed on personnel who can serve as models as well as mentors. A priority is also placed on securing faculty who are growing and alive in knowledge and quality of being. Realizing that a significant portion of formal learning comes from vicarious experience and cannot always be immediately related to life, we encourage the use of creative illustrations which present subject matter in a fresh perspective, making it more relevant to the student. We also believe that certain personality characteristics are conducive to excellence in teaching including: authenticity, enthusiasm, freshness, balance, creative freedom, breath of interest, and an enduring concern for the individual student.

OUR EDUCATIONAL PRODUCT

Although it is impossible to dictate God's leading in a graduate's life, we at SBC hope to see (1) a significant number (if not the majority) enter vocational Christian service, (2) the maintenance of a vital Christian testimony in the community and the work place, (3) involvement in a Bible-believing local church, (4) a lifelong practice of integrating sacred and secular truth by critically evaluating the issues and problems of life against the standard of God's inspired Word.

STUDENT LIFE POLICIES

All students enrolling in Shasta Bible College are required to sign the Student Commitment. By this action, students indicate their willingness to comply with the moral and spiritual standards of the College and commit themselves, in the strength of Christ, to implement the supporting Scriptural principles of the Student Commitment to daily life.

Since Shasta Bible College is dedicated to training students who are genuinely desirous of living a Christ-honoring life, those entrusted with the leadership of the College have resolved that students be encouraged to maintain high standards of Christian behavior both on and off campus.

The college seeks to ensure the maintenance of such standards and to produce an atmosphere conducive to spiritual and academic excellence. Based on the college's religious convictions, the following activities are to be avoided: use of alcoholic beverages, tobacco, illegal drugs, sexual immorality, including homosexuality and lesbianism and other worldly activities or forms of entertainment, which are inconsistent with Biblical principles, including music which reflects the influence of either the occult or the drug culture.

Students who evidence through either conduct or attitude that they are unwilling to abide by the Student Commitment will be summoned to meet with the Administrative Committee and may be subject to dismissal depending on their responsiveness to the counsel of the Committee.

THE STUDENT COMMITMENT

As a Christian, I believe the Bible to be the verbally inspired and inerrant Word of God. I accept its teachings as the final authority in all matters of faith and life; and as a student at Shasta Bible College, I will maintain the moral and spiritual ideals of the College, render respect to members of its faculty, conform to its social, academic and spiritual requirements, and recognize my responsibility to live an exemplary Christian life in keeping with the admonitions of Scripture (see 1 Cor. 6:19, 20; 2 Cor. 6:14-7:1; Rom. 12:1-2; 1 Thess. 4:1-8; Gal. 5:16-26; Eph. 5:18; Col. 3:17; Rom. 13:14).

NOTE: For a complete coverage of student life policies, refer to the Student Handbook.

STUDENT LIFE

Outreach

The administration, faculty, and students minister with local churches and other Christian organizations in a variety of ways. By providing pulpit supply, camp and conference speakers, teacher training programs, Sunday School teachers, youth workers, song leaders, and visitation assistants, the College is vitally involved in the development and growth of local ministries.

Musical Teams

Each year the College forms musical outreach teams composed of students and faculty which travel throughout western states, ministering in local churches and at special events. Participation in this team is available and voluntary for all students attending Shasta Bible College. The teams are formed the first week of the fall semester, and members qualify for credit in MUS 151, 152 Chorale I, II.

Field Ministry

Full-time students registered in the four-year B.A. program are required to take four semesters of CM *90 and CM *91 Field Ministry. Part time students are strongly encouraged to take these classes.

The purpose of these classes is to provide directed and supervised experience in the areas of general Christian ministry, Pastoral Ministry, Christian Education, and Youth Ministry, so that, after graduating, students will be competent to begin ministering in the area of their calling.

It is assumed that students enter the College with varying degrees of spiritual maturity. One priority of the college is to assess individual strengths, weaknesses, gifts, talents, abilities, and areas needing improvement or growth. A second priority is to provide input, guidance, and direction to stimulate and assist continued growth toward spiritual maturity. It is through individual interaction with the Field Ministries coordinator, the Field Ministries faculty, and other faculty and staff, that students receive this personal feedback and counsel.

Placement Assistance

Career guidance is provided to all students throughout their time at Shasta Bible College. It is the sincere desire of the College to assist students in maximizing their talents and gifts for the Lord. Students in their final year are provided special assistance to help them locate either an appropriate graduate program or a suitable place of ministry. The president's office maintains ongoing contacts with churches and church organizations in order to ascertain pastoral placement opportunities. Students seeking pastoral placement assistance should contact the president's office. The Dean of Professional Education maintains ongoing contacts with the Association of Christian Schools International in order to ascertain teacher placement opportunities. Students seeking teacher placement opportunities should contact the Dean of Professional Education.

Orientation

At the beginning of the fall and spring semesters, time is set aside to help orient new students to the College. Orientation is followed by various get-acquainted activities.

Student Government and Activities

Students elect officers to the Student Council. The Student Council is responsible for planning both spiritual and social activities in conjunction with the college administration. Such activities are an important part of the development of a well-rounded person; they provide opportunities for relaxed fellowship and the development of spiritual leadership. See the Student Handbook for details on Student Council.

Recreation and Sports

The College is located in an area which lends itself to outdoor activity. Beautiful mountains, lakes and streams provide for a variety of recreational activities such as skiing, swimming, hiking, fishing and room just to relax. The City of Redding has parks, bike trails and numerous programs which appeal to a wide range of interests. The new Turtle Bay Museum and unique Sundial Bridge over the Sacramento River are also popular attractions.

At the present time the school is limited in its organized sports program. Students have participated in church leagues and it is anticipated that this will be an area of activity which will grow. Besides the church league program, Shasta Bible College has access to recreation facilities at Sun Oaks Tennis and Fitness Center for student recreation on an informal basis. Recreational facilities are included in the College's master plan.

Chapel

In an effort to achieve the spiritual objectives of the Statement of Purpose, the College conducts required Chapel services each week. Chapel is a strategic part of the total educational program at Shasta Bible College. The services are designed to cultivate spiritual growth and Biblical character qualities in each student's life, and are designed to

lay a solid foundation for life and ministry. Through exposure to the chapel program the following spiritual qualities of: love, obedience, integrity, righteousness, faithfulness, godly dependence, patience, perseverance, joy, peace, kindness, self-control, and a desire to serve are cultivated. As a result, students are encouraged to develop character qualities that include the ability: (1) to stand alone, (2) to be diligent, (3) to be attentive and accurate, (4) to be enduring and encouraging, (5) to exercise good stewardship over financial resources, (6) to exercise initiative, (7) to demonstrate compassion, (8) to maintain acceptable personal deportment, (9) to be honest and direct, and (10) to be responsible and trustworthy. These character qualities, so vital for life and ministry, are seen as the outgrowth of each student's personal walk with God in which the Holy Spirit transforms him by the renewing of his mind.

Additionally, chapel services offer opportunities to be challenged by local pastors, Christian community leaders, missionaries from around the world, and representatives of various Christian organizations. Because chapel is an integral part of the educational plan of the College, attendance is required for all full-time students.

Housing

The College has two six-plex apartments with magnificent views of Mt. Shasta and Mt. Lassen. Since dormitory living is an integral part of the educational process, all single students under 25, except those commuting from the home of their parents or legal guardian, are required to live in the College dormitories or in approved housing. Unapproved off-campus housing is allowed only by special arrangement and with parental consent. The college assumes no responsibility to provide housing for single students over 25 years of age or for married students. **Full time unmarried students have priority for placement in on campus housing.**

Standards of Conduct

Shasta Bible College expects its students to be attired neatly and modestly, as befits those who desire to honor Jesus Christ. The Student Handbook addresses SBC's standards of modesty in more specific detail. The administration encourages a positive, cooperative attitude among students as necessary to campus unity and spiritual growth.

Student Handbook

The Student Handbook details student deportment, College services and activities, and specific expectations of students. Copies may be secured by contacting the College office.

Student Grievances:

Students at Shasta Bible College have the right to competent classroom instruction and an environment free from disruption. They have the right to withdraw from instruction and receive prorated refunds in accordance with the stated state-approved refund policies as detailed in the College catalog. A student has the right to due process when he/she feels he/she has a grievance. A grievance is defined as an injustice resulting from a policy that has been abused or violated. These are generic guidelines for all campus relationships and apply to students, faculty, administration and staff members of the College.

The following steps should be taken first to determine if a policy has been abused or violated as a basis for filing a grievance; and secondly, to resolve the grievance in a timely fashion:

1. The offended person should go to the person who has violated the policy and attempt to rectify the situation in the spirit of Matthew 18:15-17.
2. If there is no resolution of the grievance, the offended and the offender should go to the appropriate dean to find a resolution.
3. If the matter requires further attention, a written grievance will be made to the President who will convene a grievance committee (including student representation) to determine a final resolution. If necessary, the parties of the grievance may request a formal hearing and have the right to peer counsel, to call or cross examine a witness.

All grievances not resolved by the Administrative Committee may be appealed to TRACS, P.O. Box 328, Forest, VA 24551.

ADMISSIONS/RECORDS POLICIES

Shasta Bible College admits qualified applicants whom it considers to possess the personal traits necessary for successful participation in the life of the school. The College does not discriminate on the basis of sex, race, color, or ethnic origin in the admission of students to the College or its programs.

Academic Requirements

1. Possession of a high school diploma, or achievement of an average score of 50.0 or above on the General Education Development Test.
2. Presentation of high school grades and standardized test information indicating the applicant is capable of successfully completing the desired program. All students applying to admission in the B.A. in Bible and Theology program must pass a mathematics placement exam upon matriculating at Shasta Bible College. A student who does not pass this placement exam with an acceptable score will be required to pass a college level course in math. An exception is made for those students who have transfer units in college level math.

Students with a weak academic background may be granted provisional admission (see below).

Other requirements include the following:

1. Evidence that the applicant has been born again by faith in Jesus Christ as Savior.
2. Evidence that the applicant has a personal commitment to Christ and to the Christian ministry.
3. Willingness to abide by the doctrinal position and standards of conduct of the College.
4. Applicants must exhibit adequate social maturity to cope with the stresses of college life.

Application Procedures

For students who have not attended college:

1. Submit a completed application form along with the \$35 application fee and a personal photo to the Office of Admissions.
2. Request a high school transcript be sent to the Office of Admissions.
3. Give a total of four reference forms: one to your pastor and three to mature individuals who know you well. Ask them to complete and mail the forms to the Office of Admissions.
4. Request that scores of the SAT (Scholastic Aptitude Test, CEEB) or ACT (American College Testing) be sent to the Office of Admissions.
5. Submit an autobiographical essay including your testimony of salvation and relationship to Jesus Christ.

For students transferring from another college:

In addition to the procedures required for beginning students (including an official high school transcript or the equivalent), transferring applicants must request an official transcript from each college attended. Students transferring from other colleges are admitted on the same basis, and following the same procedures, as students applying as freshmen, provided they have received an honorable dismissal from the school last attended. A student who has been dismissed or suspended from another school for disciplinary reasons must request that a letter be sent by the Dean of the school involved, detailing the reasons for the dismissal.

For Students Taking Classes for ACSI Certification/Recertification

These students are teachers or administrators in Christian Schools who already hold a bachelor's degree. They are not applying to a degree program at Shasta Bible College; they are only applying to take course work in continuing education to satisfy the requirements of the Association of Christian Schools International (ACSI) for either certification or recertification. If they desire college credit to be recorded on their transcript (as opposed to CEU's only), their application requirements are as follows:

1. Application form and \$35 fee (There is a separate application form for the ACSI Teacher Certification Program available from the Registrar).
2. Official College transcript showing Bachelor's degree.

Admission of International Students and Resident Aliens

Shasta Bible College is authorized under Federal law to enroll nonimmigrant students.

International students who apply for admission to Shasta Bible College must:

1. Meet all requirements that pertain to U.S. residents
2. Submit an official record of their completion of the Test of English as a Foreign Language (TOEFL). Minimum required score*:
 - a. Undergraduate: 500 for the paper based version, and 173 for the computer based version.
 - b. Graduate: 550 for the paper based version, and 213 for the computer based version.
 *This requirement may be waived subject to administratively approved evaluation.
3. Give evidence of ability to meet the financial responsibilities of an education in the United States in United States dollars. This includes round-trip travel, tuition, and room and board costs. (Note: This may be covered in part or in whole by point 4 below).
4. Submit the name and appropriate contact information of a U.S. resident sponsor who agrees to take financial responsibility for the student. Evidence of financial ability of the sponsor must be submitted to the college.

English Proficiency: In order that English proficiency may be determined, foreign applicants must take the Test of English as a Foreign Language (TOEFL) as administered by the Educational Testing Service at the nearest examination center. The Institutional code for Shasta Bible College is 4717. Exceptions to this requirement may be made for students from Canada, Great Britain, and Australia.

Students who wish to take TOEFL should obtain the TOEFL Bulletin of Information for Graduates, International Edition. Copies of this bulletin and the registration form may usually be obtained from American embassies and consulates, offices of the United States Information Service (USIS), United States educational commissions and foundations abroad, and at bi-national centers. The TOEFL Bulletin of Information for Candidates, International Edition and the registration form may also be obtained by writing to:

Student Status: Foreign students are responsible to affirm their student status through VISA services and by presenting the appropriate VISA to the college registrar upon arrival on campus.

Registration: International students may register for classes only when the following conditions have been met:

1. The student has presented his Student VISA to the registrar's office. A copy will be made and placed in the student's file.
2. Full payment for one semester's tuition and room have been received, unless special arrangements have been made through the President's office.

Employment: International students admitted to the United States on a student visa are required by law to be full-time students, carrying a minimum of 12 credit units of academic work. No off-campus employment is permitted such a student without written permission of the United States Immigration authorities. Such permission is seldom granted.

Readmission/Leave of Absence

Leave of absence is permitted for a period up to twelve months. Students desiring a leave of absence must file a Leave of Absence form with the Registrar. Students who withdraw and desire to return to Shasta Bible College within a twelve-month period need only call or write the Registrar's office for registration materials and need not reapply for admission to the college. Such students when they return will register for classes in the same manner as a continuing student and continue under the catalog that was in force when they left. Students who take a leave of absence are encouraged to discuss plans for their leave with either the Dean of Students or their academic counselor prior to leaving the college.

If a student withdraws during the first two weeks of a semester, then the twelve month leave period includes those two weeks.

Students who withdraw from Shasta Bible College and have been gone for more than a twelve-month period must submit the following:

1. A completed application form and the \$35 application fee.
2. Transcripts from all schools attended subsequent to withdrawal from the College.
3. Recommendation from the applicant's pastor.
4. A brief essay by the applicant on his activities and spiritual growth since withdrawal from Shasta Bible College.

A student who has been academically dismissed may apply for readmission only after a full year (two semesters). He then must submit evidence of potential for academic success. A student who has been dismissed for disciplinary reasons may apply for readmission after two semesters. Faculty approval is required for readmission. Readmission of returning students is subject to review by the administration.

Provisional Status

Applicants may be granted provisional admission for any of the following reasons:

1. Incomplete Application

The application has been submitted late, and classes will begin before the application materials can be officially processed. In such cases the student may not register for a second semester until the application has been completed and approved. If enrolling in the Degree Completion Program, the student may not register for a second class until the application for admission has been completed and approved.

2. Non-declaration of Program

The applicant has no desire to complete an official academic program of SBC, but desires to pursue a limited number of units for college credit or audit.

Provisional admission status does not guarantee regular standing to applicants. A maximum of 16 units earned under provisional status may be applied to a certificate, diploma, or Bachelor of Arts degree program at Shasta Bible College.

3. Lack of High School Diploma

Students who do not have a high school diploma or the equivalent may not be admitted to any degree program. They may, however, be admitted to take individual classes on a provisional basis. Admission to a certificate, diploma, or degree program will be granted only when all admissions requirements are met.

Probationary Status

Probationary status may be granted to students with a weak academic background, and may be recommended to the college's tutoring program. Students admitted under probationary status will be reviewed by the Academic Committee at the close of each semester until probationary status is lifted. A minimum of 16 units must be completed before probationary status may be lifted.

Probationary status may be removed after one full semester in the following manner:

1. Upon review by the Academic Dean.
2. With satisfactory demonstration of acceptable academic proficiency.
3. With faculty approval.

Ability to Benefit Criteria

Certain transfer applicants, such as veterans, or adult re-entry students and others with special circumstances, will be given special consideration for admission when it is determined that they do, in fact, have the potential for satisfactory college work.

Transfer-credit Evaluation

Credits earned at other colleges may be transferred and applied toward satisfaction of program requirements at Shasta Bible College under the following conditions:

1. An official transcript must be sent to the Director of Admissions from each school that the applicant has attended since high school.
2. Courses transferred must have a grade of C or better.
3. Transfer credit will be granted for appropriate courses from accredited or recognized colleges and universities.
4. Appropriateness of content, level, and unit value are the guides used in transfer-credit evaluation.
5. Courses for which a corresponding course does not exist at Shasta Bible College may be granted elective credit.
6. A maximum of 32 units transferred from other colleges may be applied toward fulfillment of the requirements of an Associate of Arts degree at Shasta Bible College.
7. A maximum of 64 units transferred from other colleges may be applied toward fulfillment of the diploma in Biblical Studies at Shasta Bible College.
8. A maximum of 96 units transferred from other colleges may be applied toward fulfillment of a Bachelor of Arts degree at Shasta Bible College.

Credit for Advanced Placement

Credit will be granted for general education course requirements based on successful completion of Advanced Placement courses taken in high school as a part of the College Entrance Examination Board's Advanced Placement Program, provided the student earns a score of 3 or better on the examination. A \$10 per unit recording fee will be charged for credit granted for Advanced Placement courses. No more than 30 units of credit may be granted for Advanced Placement. A student may receive no more than a total of 30 units credit by challenge exam, CLEP, AP, and Work Experience.

Credit for CLEP/DANTES

Students may receive credit for either the College Level Examination Program or the Defense Activity for Non-Traditional Education Support for general education requirements under the following conditions:

1. Credit will not be granted for general examinations.
2. A passing score will be determined by the Registrar.
3. A recording fee of \$10 per unit will be charged for units granted for CLEP or DANTES.

No more than 30 units of credit may be granted for CLEP or DANTES. A student may receive no more than a total of 30 units credit by challenge exam, CLEP, DANTES, AP, and Work Experience.

Credit for Work Experience

Students who have work experience in a field of learning included as a course in the academic curriculum should contact the Dean for an individual appraisal. Credit may be granted by the Dean in consultation with the academic committee after a careful review of appropriate documentation. The work experience must be equivalent to a college level of learning and demonstrate a balance between theory and practice. The credit must relate directly to the student's degree program. The granting of credit for work experience occurs only when the student is fully enrolled and has completed residence requirements. An administrative fee of \$30.00 will be required to process any credit given for work experience. No more than 30 units of credit may be granted for work experience (maximum of 15 for lower division courses and 15 for upper division courses).

Student Classification

Student classification is determined by the number of units completed by students toward their declared program at Shasta Bible College and not necessarily by the number of years a student has been in college. The following designations are applicable to students when they complete the minimal number of units:

<i>Class</i>	<i>Units</i>
Freshman	0-31
Sophomore	32-63
Junior	64-96
Senior	97 or more

Family Educational Rights and Privacy Act (FERPA):

Shasta Bible College complies with the Family Educational Rights and Privacy Act of 1974 (The Buckley Amendment) which is designed to protect the privacy of educational records, to establish the right of students to inspect and review their records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. The College has adopted a policy which explains in detail the procedures followed for compliance with provisions of the Act. Copies of the policy are available in the Student Services Office.

Policies on the Retention of Student Records:

It is the policy of Shasta Bible College to maintain all records required by the Education Reform Act of 1989 for a minimum period of five (5) years, and all student transcripts for a minimum of fifty (50) years. Current and former students may request release of their transcript upon receipt in the Registrar's office of a written request with the student's signature. Transcripts may be withheld for nonpayment of outstanding financial obligations to the College. The current custodian of records is Mr. Mark Mueller. The phone number is (530) 221-4275. The records are maintained at 2951 Goodwater Ave., Redding, CA 96002.

ACADEMIC POLICIES

Academic Advisement and Registration

All new and returning students are advised by their assigned faculty advisor before registering for classes. The students will be guided in the selection and sequencing of required and elective courses appropriate to each student's career and life direction. Dates for registration are listed in the Academic Calendar in the front of the catalog. New students will be reminded by mail of the dates for registration.

Students must secure an appointment for advisement before registration. Their registration will be completed only upon full payment of tuition and fees, or upon securing approval for a deferred payment program from the Director of Business Affairs.

Students will receive credit only for those courses for which they are officially registered. Prerequisites listed for courses must be satisfied, unless waived by the Instructor of the course and the Advisor.

Entrance Exams

All students in a degree program must take entrance exams in mathematics, English and Bible upon matriculating at SBC. Students who do not pass the English or mathematics exams with an acceptable score will be required to enroll in a preparatory course either at Shasta Bible College (when available) or at another approved institution. Students enrolling in the Degree Completion Program are exempted from the English and mathematics placement exams. The Bible exam will be used as a standard of measurement to be compared with an exit exam administered during the student's senior year.

Adding a Course

Students who desire to add a course to their program may do so prior to the beginning of the third week of classes with approval from their faculty advisor, provided the appropriate forms are completed and processed through the Registrar. Upon rare occasion, a student may add a class at a time past the beginning of the third week, provided permission has been received from the professor of the class.

Withdrawal from a Course

To drop or withdraw from a course, a student must obtain from the Registrar, and complete, a Class Withdrawal form. Approval for the withdrawal must be obtained from the professor, the student's advisor and the Dean, as indicated by their signatures on the form. The completed form must be submitted to the Registrar. Any refund is calculated from the day the completed form is submitted to the Registrar. Students failing to follow this procedure will not be recognized as withdrawn nor be entitled to a refund. Incomplete or failing grades will be recorded as an F if the student has not officially withdrawn.

Students who officially withdraw from a course prior to the beginning of the third week of classes will not have that class recorded on their transcripts. For courses on a non-standard schedule (e.g., 5-week schedule) withdrawals will not be recorded before the 3rd class session. After the beginning of the third week of the semester and prior to the last four weeks of the semester (see academic calendar for dates), students who officially withdraw from a course will receive a grade of WP or WF depending on the student's grade average in the course. Students who officially withdraw from courses during the last four weeks of the semester will receive a grade of WF, even if a passing average has been maintained, unless evidence is presented to the Registrar indicating that the circumstances necessitating the withdrawal are beyond the control of the student. A grade of WF will count the same as an F in the calculation of the student's Grade Point Average. For courses offered on a non-standard (i.e., less than 15 week) schedule; dates for withdrawal will be figured on a rate corresponding to the length of the course.

For non-traditional classes (i.e., those not scheduled according to a 15-week semester), the add/drop period is proportional to the scheduled length of the course.

Credit to Audit

To change a course registration from credit to audit, a student must contact the Registrar's office. Changes from credit to audit may be made without penalty prior to the beginning of the third week of classes. After the beginning of the third week of classes, and prior to the last four weeks of the semester (see academic calendar for dates), students who change from credit to audit will receive a grade of WP or WF depending on the student's grade average in the course. During the last four weeks of the semester, changes from credit to audit cannot be made.

Audit to Credit

To change a course registration from audit to credit, a student must obtain an Audit to Credit form from the Registrar's office within two weeks after the last day of the class, submit the form to the professor and arrange with the business office to pay the balance in tuition costs. In such cases, the student must have submitted all required course work to the professor of the class according to the class schedule or syllabus.

Withdrawal from College

To withdraw from the College, a student must obtain and complete the appropriate forms in the office. A student who officially withdraws from the College will receive a grade of WP for all courses in which he has a passing grade at the time of withdrawal; otherwise, a grade of WF will be given. An honorable dismissal will be granted a student provided he has met all his financial obligations to the College, has completed the necessary forms, and is in good standing at the time. Any refund due will be calculated according to the refund policies stated in the Financial Information section of the catalog.

Change of Academic Program

Although students are encouraged to select an academic program as early as possible, and to continue with it to graduation, it is possible to change from one academic program to another with the approval of the student's advisor by completing the appropriate forms in the College Office.

Academic Load

Although minimum full-time student status is 12 units in a semester, normal progress is considered to be 15-18 units a semester. Students are discouraged from taking more than 18 units in a semester. (More than 18 units may be taken only by special permission of the Dean.) One semester credit (unit) represents the equivalent of one hour of class per week and assumes a corresponding 2 hours homework for each 1 hour of class for 15 weeks. For laboratory work, 2 hours of lab are assumed to be equivalent to one hour of class.

Work-Study Ratio

Due to economic necessity, most students at Shasta Bible College work at least part time. When this responsibility is combined with the fact that many students are married with families, and that all full-time students are involved in intensive practical field training for ministry, it is obvious that many students live with demanding schedules and lifestyles.

In order to minimize the potential for overload and failure, it is important for students to plan wisely with the following facts in mind: (1) students should plan on spending an average of two hours in study outside the classroom for each hour spent in the classroom; and (2) students should plan on investing from three to six hours in field ministry each week.

A student registered for 15 units and working 20 hours a week should plan on the following time obligations:

In class	15 hours a week
----------	-----------------

Preparation and homework for class	30 hours a week
Work	20 hours a week
<u>Field Ministry Training</u>	<u>5 hours a week</u>
Total	70 hours a week

While some students are able to complete their studies in less time, it should be remembered that to be a successful student at Shasta Bible College requires dedication, diligence, and self-discipline.

Attendance Policy

It is the policy of Shasta Bible College to take attendance. Students are allowed one absence for each class unit. Additional unexcused absences will result in the reduction of the student's grade at the rate of .33 grade points per absence. Three tardies equal one absence. In the Degree Completion Program students are expected to attend each session. Absences require special permission from the teacher and are left to his discretion. Missing two evenings constitutes grounds for dismissal from the course.

Grading System

Grade	Explanation	Grade points per semester hour
A+		4.3
A	Superior work, subject mastery	4.0
A-		3.7
B+		3.3
B	Good work, subject competence	3.0
B-		2.7
C+		2.3
C	Average work, subject familiarity	2.0
C-		1.7
D+		1.3
D	Poor work, subject awareness	1.0
D-		0.7
F	Unacceptable work, subject failure	0.0
WF	Failing work at time of withdrawal from course or withdrew from course during the last four weeks of the semester	0.0
WP	Passing work at time of withdrawal from course	0.0
I	Incomplete	0.0
AUDIT	Course taken for noncredit	0.0
PASS/FAIL	Given for Challenge Examinations and P.E. only	0.0

Incompletes

The request for an incomplete must be initiated by the student and is given only with the instructor's permission. Forms are available in the registrar's office and must be used. On the form the student indicates the nature of the incomplete and reasons for the request. The student must complete all unfinished course requirements within four (4) weeks of the end of the semester in which the course was taken. In extraordinary circumstances, such as family or medical emergency, the academic dean, in consultation with the faculty member, may extend the deadline as far as the end of the next semester. Failure to complete whatever is necessary within the time limit will automatically turn the incomplete to a failing grade.

Grade Appeal

Students who question the appropriateness of the grade received for a course should contact the professor first. If, after contacting the professor, a student does not feel he has been treated fairly, he should contact the Dean. After his meeting with the student and the professor, the Dean will make a recommendation to the Academic Committee whose decision will be final.

Repeating Courses to Raise Grades

A course may be repeated to raise a low grade but credit for the course does not accumulate. The last letter grade earned by repeating a course is used to compute the Grade-Point Average. Students in the Bachelor of Arts Degree programs must repeat any required course they fail.

Challenge Examinations

In order to satisfy a course requirement where the student has proficiency based upon past studies or work experience, challenge examinations are given at the option of the College. In this case the student requests the examination in order to prove his proficiency in a required course. The procedure for a challenge examination begins with the Registrar and proceeds to the professor of the course. The student must register for the challenge exam and pay the \$50 challenge exam fee before taking a comprehensive examination on the course and completing any other requirements. The student will receive a grade of PASS or FAIL for the course on his transcript. This will not be computed in the Grade Point Average. A student may receive no more than a total of 30 units credit by challenge exam, CLEP, AP, and Work Experience.

Independent Study

Independent study is a learning experience which permits students to research one or more topics of importance under regular (but not constant) supervision by a faculty member. There are four courses listed in the catalog that are designed for independent research: BS 499, CE 499, CM 499, MUS 499, TS 499, and YM 499. These courses may be pursued for 1-3 units each. They involve counsel, assigned research, and submission of a paper on an approved topic as indicated in the course descriptions.

Directed Study

Directed study is reserved for regular courses in the curriculum and involves the student in a close working relationship with the professor. This procedure is reserved for students who have scheduling difficulties that otherwise would delay their graduation. Courses pursued by directed study are provided at the same level of difficulty as the regular in-class course. The professor's course syllabus for a directed study must be approved by the Department Head.

Distance Education

Distance education courses are designed to be taken by students off campus and do not normally involve traditional classroom attendance. Interaction between student and professor may be facilitated through a variety of means (e.g.,

Internet, FAX, telephone, mail). Courses pursued by distance education are provided at the same academic level as the regular in-class course.

Scholastic Honors

Undergraduate students earning a Grade Point Average of 3.0 to 3.49 each semester will be listed on the Honor Roll for that semester provided they complete 12 or more semester units of credit. Students earning a Grade Point Average of 3.5 or higher each semester will be listed on the Dean's List for that semester provided they are registered for 12 or more semester units of credit. Students earning a Grade Point Average of 4.0 or higher each semester will be listed on the President's List for that semester provided they are registered for 12 or more semester units of credit.

Academic Probation

Students at Shasta Bible College are expected to make satisfactory academic progress. If a student's cumulative Grade Point Average falls below 2.00, or if his semester Grade Point Average is below 1.00, he will be placed on Academic Probation. Students placed on Academic Probation will be allowed to register for a maximum of 10 units in the following semester and will be assigned to a faculty member who will provide special academic guidance and supervision. Unless otherwise required, "cumulative" is defined as "credits earned at Shasta Bible College." Transfer credits, non-credit remedial courses, withdrawals (unless withdrawal/F), and incompletes are not calculated in the cumulative G.P.A.

A student wishing to appeal placement on academic probation must submit a written request *through* the financial aid office *to* the academic committee as to why the student should not be placed on academic probation. The decision of the academic committee to the student's appeal is final.

VETERAN POLICY STATEMENT: A veteran or eligible person placed on probation for unsatisfactory progress shall be terminated if his or her cumulative grade point average remains below graduation requirements (2.0) after two semesters. If the veteran or eligible person is allowed to remain on probation beyond this period, he or she will have all veterans benefits terminated.

Academic Dismissal

Students may be disqualified from attending Shasta Bible College through Academic Dismissal. If, after two semesters of being on Academic Probation, a student has not earned a semester Grade Point Average of at least 2.00, he will be subject to Academic Dismissal.

Graduation Requirements

In order to graduate from Shasta Bible College, students must complete all academic and nonacademic requirements stated for their program in the catalog that was in effect at the time they matriculated. In the event of changes in catalog requirements, students have the option of continuing with the catalog requirements under which they originally enrolled or of changing to the new catalog requirements. Announcement of intent to follow new catalog requirements must be entered into the student's academic file in the form of a brief letter to the Student's Advisor. However, students must choose one option or the other and not some combination of the two. Once the choice is made, it is irrevocable. Courses completed at other colleges or universities and substitutes for specific course requirements, will be transferred and accepted as approved by the Dean of Admissions and Records. Other courses may be substituted for required courses only if approved by the Dean of Admissions and Records. In order to be eligible for graduation in the spring, students must complete all academic and nonacademic requirements. Furthermore, they must:

1. Have a cumulative Grade Point Average of at least 2.00 on all courses submitted to meet graduation requirements.

To qualify for an STRF reimbursement, applicants must be California residents and must have resided in California at the time the enrollment agreement was signed, or when they received lessons at a California mailing address from an approved institution offering distance education. Students who are temporarily residing in California for the sole purpose of receiving an education, specifically those who hold student visas, are not considered California residents.

You are not required to pay the STRF fee if your tuition is entirely funded directly by a third-party payor, such as an employer or government program, or if you are not a California resident. you will also not be eligible for payment from the STRF if you fall into these categories. STRF payment eligibility is governed by California Education Code Section 94944.

Financial Aid

Financial Aid Overview

In order to offset some of the cost of attendance, Shasta Bible College participates in Title IV Federal Financial Aid grant programs for all eligible students and the Cal Grant program for students who are eligible residents of California. Shasta Bible College does not participate in any type of school sponsored student loan program. All programs are administered through the Financial Aid Office.

Basic to the philosophy of education of Shasta Bible College is the conviction that Christian higher education should be oriented to the divine scriptures, the Bible, finding in its frame of reference a basis for the integration of all knowledge. As such, we believe that financial irresponsibility is unacceptable in Christian leadership, and do not encourage our students to incur any unnecessary debt.

While the application as a student to SBC and financial aid application are two separate processes, students must be admitted to SBC before any financial aid commitments will be determined. The financial aid application, The Free Application for Federal Student Aid is free and easy. It can be completed electronically or in a paper format, the FAFSA application does take time to be processed through the federal processor. Students are encouraged to allow enough time to complete the process and pay the required fees when registering.

Charges for tuition and fees, including dormitory charges are all due and payable at the time of registration. Discounts of 3-6% for payment in full of all charges prior to the first day of class are available. Payment plans may be negotiated at the discretion of the institution. All financial accounts must be paid up to date before grades, transcripts or diplomas will be released. Students must clear their accounts before taking final exams.

Financial Aid Programs

Federal aid comes from the U.S. Government.

PELL GRANT: Gift aid that is given based on financial need. It is a need-based program designed to assist low-income families. It is the first type of assistance for which all students are evaluated based on the family's ability to pay. The maximum Pell Grant for 06/07 is \$4050.

Campus based aid: Money that the government provides to SBC to give to students through the Financial Aid Office.

Federal Supplemental Education Opportunity Grant. Grant money to assist students who have high need. Generally, high need is determined by the student's Pell Grant eligibility.

Federal Work Study. A limited number of on-campus jobs are available to assist students who are able to work to earn a portion of their financial aid. Students are paid \$7.00 per hour and work 3-5 hours per week. Where possible, jobs are designed to be in line with a student's educational goal.

PIN: The first step in the electronic application process is to obtain a PIN - a Personal Identification Number. It is your electronic signature. Both students and parents obtain their own number. It never expires and parents can use their pin for all brothers and sisters applying for student aid. <http://www.pin.ed.gov>.

FAFSA: The Free Application for Federal Student Aid will ask questions regarding your education plans, financial information and schools to send your information. This information will assist the Financial Aid Office to determine your eligibility. A worksheet can be downloaded to help you through the process. <http://www.fafsa.ed.gov>.

SBC's Federal School Code: 016802

SBC Scholarships: Shasta Bible College offers a limited number of scholarships. Students should check the catalog for eligibility and any additional forms necessary. The scholarships offered by SBC will be applied towards the student's account. There is no cash value and cash will not be paid to the student. Should the student's expenses be covered by other assistance, the award may be carried forward to another semester of study. Any combination of awards will not exceed student's need.

DISTANCE EDUCATION: Students taking courses via distance education may qualify for federal aid. Those who do not qualify based on the FAFSA may apply to the Distance Education Committee for assistance towards their tuition expenses. The application can be filled out online.

Cal Grant Programs: If you graduated from a California high school and meet the eligibility criteria, you may be eligible for a Cal Grant Entitlement or Competitive award. Cal Grant Entitlement awards are guaranteed for every qualified high school senior or recent graduate who applies by March 2; Cal Grant Competitive awards are for other

qualified students who are high school seniors or recent graduates based on a competition. Cal Grant Competitive awards are limited.

Cal Grant A Entitlement awards are guaranteed for every graduating high school senior who has at least a 3.0 grade point average, meets the requirements and applies by March 2 of their senior year or within one year of graduating. Cal Grant A Competitive awards are guaranteed for every graduating high school senior who has at least a 3.0 Grade Point Average, meets the requirements and applies by March 2 of their senior year or within one year of graduating. Cal Grant B is for low-income students who have at least a 2.0 Grade Point Average. The award for most first-year students is \$1,551 and may be used for books, living expenses and transportation as well as for tuition and fees. When renewed or awarded beyond the first year, you'll receive an additional award specifically for tuition and fees, the same amount as the Cal Grant A.

Cal Grant B Entitlement awards are guaranteed for every high school senior who has at least a 2.0 GPA, meets the requirements and applies on time.

Cal Grant Competitive awards are for other eligible students who have at least a 2.0 GPA and apply on time. You apply for a Cal Grant by submitting the FAFSA as soon as possible after January 1 and no later than the postmarked deadline of March 2. You must also submit a verified Cal Grant GPA (or GED, SAT or ACT test score if you don't have a GPA) to the California Student Aid Commission by the March 2 deadline. Additional information regarding Cal Grant awards can be found at www.csac.ca.gov.

Chafee Grants for Foster Youth: Up to \$5,000 a year for college is available if you are or were a foster youth. To apply, you must file the FAFSA and the California Chafee Grant Application which is available on line at www.chafee.csac.ca.gov.

Satisfactory Academic Progress Policy

All financial aid recipients must maintain 'Satisfactory Academic Progress' in their chosen course of study in order to continue to receive Federal Title IV Assistance. Satisfactory Academic Progress has four components:

- A. **An acceptable grade point average.** The minimum standards of achievement for students are a cumulative grade point average of 2.0 for all units earned at SBC and a 2.0 semester grade point average for the semesters under review.
- B. **An acceptable number of units attempted to units completed.** Degree requirements at SBC are 128 semester units with a minimum cumulative grade point average of 2.0 for an Bachelor of Arts Degree. You will be expected to complete our educational goal by completing your degree, or reaching 192 units, whichever comes first. The general catalog provides the college wide degree requirements.
 - a. Full Time payment Must complete 12 or more units per semester
 - b. 3/4 Time payment 9-11.5 units must complete at least 9 units per semester
 - c. ½ Time payment 6.0-8.5 units must complete at least 6 unit per

semester

- C. **A period of review:** Each student's progress will be reviewed at the end of each semester. All coursework completed at SBC, whether or not the student received financial aid will be considered.
- D. **Specific policies for defining the effect of course incompletes, withdrawals, repetitions and noncredit remedial courses.** Transfer credits, non-credit remedial courses, withdrawals (unless withdrawal/F) and incompletes are not counted in the cumulative GPA completed. Students that withdraw from all classes after the two-week add/drop period will be placed on probation or suspension depending on their prior semesters SAP.

How to stay on track? Good study habits and get help when you need it.

What happens if you don't meet the standards? You will receive one semester as a PROBATIONARY semester. If you do not meet the standards for a second semester, you may appeal to the Academic Committee. The maximum units a student may be granted for an appeal may not exceed 150 of the degree requirement.

Students Who do not Meet the Above Criteria: Any units earned during the Maymester/summer will count toward the GPA requirement and the unit maximum.

However, if six or more units are completed for the Maymester/Summer that apply to the student's degree, then those units may be considered for reinstatement of financial aid and removal from one probation status level, depending upon units needed to makeup for probation/dismissal status.

If there has been an error on the student's transcript that resulted in probation or suspension, it is the student's responsibility to provide a corrected unofficial transcript to the Financial Aid Office after the error has been corrected.

What is Probation Status? Students who have one semester of unsuccessful progress, with either units or GPA will be placed on financial aid probation during their next semester of enrollment. Students must reestablish their academic progress during the probation semester to regain regular standing.

What is Suspension Status? A student who has two consecutive semesters of unsuccessful progress, either with low GPA, lack of completed units or excess units will be placed on financial aid suspension. You will not be eligible for financial aid for the semester that you are using to reestablish your eligibility.

How to reestablish Regular Standing: You must complete the number of units enrolled in, with a minimum GPA of 2.0 and a minimum of six units without financial aid. Students enrolling in less than 6 units may reestablish their eligibility for the number of successful units completed.

Appeals: Students denied financial aid for lack of SAP may submit a written appeal to the Financial Aid Appeals Committee. The students will be permitted to present written evidence of special circumstances in consideration of an extension of an additional probationary semester. The appeal application may be requested from the Financial Aid Office.

Appeals are considered for the following: Medical, Family Emergency, Disabilities, Remediation, Reentry Student (three-year break in education), and other mitigating circumstances. Military Deployment: Students who have been deployed for military reasons may have an additional probation semester upon return.

The Financial Aid Appeals Committee reviews all appeals. Students will be notified in writing of the outcome and of the conditions of their probationary term if granted. All decisions of the committee are final. Upon notification of the committee's decision, the student must meet the terms of the appeal before reinstatement.

Withdrawing and Repaying Financial Aid: Students withdraw for a variety of reasons. If you withdraw from all of your classes before the 60% enrollment period, you may owe money back to federal financial aid programs. According to the day you withdraw, we will calculate any funds owed back to federal programs. It is your responsibility to withdraw officially if you must.

Department of Bible and Theology

The Department of Bible and Theology provides courses that lay a foundation for Christian ministry through Bible survey, analysis, interpretation, and theology. The study of the Biblical languages provides an essential tool for preaching and teaching. The systematic study of major doctrinal areas enables students to synthesize their study of the theological themes of the Bible. These programs at Shasta Bible College are designed for students who want to be useful to the Lord in whatever way He may lead. Since we recognize that a college setting lends itself to the discovery of the Lord's vocational leading in the lives of many students, the programs have been designed with built-in flexibility to facilitate possible adjustments in a student's direction of future ministry. This is done through the use of a core curriculum which is required of all students pursuing the Bachelor of Arts degree, coupled with courses which prepare students for their chosen areas of emphasis.

Shasta Bible College also offers several other types of study programs. Some programs are terminal and are designed for students who are undecided about pursuing a Bachelor of Arts degree: a one-year Certificate, a two-year Associate of Arts Degree, and a three-year Diploma. While these programs are not four-year programs, courses are taught on the same academic level and may later be applied toward a Bachelor of Arts Degree.

CERTIFICATE IN BIBLICAL STUDIES

The Certificate in Biblical Studies is designed to provide a one year condensed course in Biblical studies for missions work or general Christian ministry. It is intended to be completed in one year and must be completed within three years. The student may transfer these credits into a degree program at a later time with faculty approval.

GRADUATE SCHOOL DIVISION

In response to the growing demand for professionally trained Christian school and church administrators, a graduate division of Shasta Bible College was launched and approved in 1999 by the Board of Trustees and TRACS. The Master of Science degree in School/Church Administration is designed for individuals currently holding or seeking a position as a Christian school administrator, church/school business manager, principal, assistant principal, or supervisor.

In 2003, a second Masters degree program was initiated in the fields of Biblical Counseling and Christian Family Life Education. Both programs provide pastors, Christian schoolteachers and other Christian workers with Biblically based precepts and principles for effective church-related counseling and family ministries.

DISCLOSURE STATEMENT REGARDING ELIGIBILITY FOR LICENSURE IN THE STATE OF CALIFORNIA:

"Graduation from Shasta Bible College with a M.A. in Biblical Counseling or a M. A. in Family Life Education DOES NOT qualify the student to sit for a licensure examination with the California State Board of Psychology or the California State Board of Behavioral Science."

A WORD FROM THE PRESIDENT:

From its inception in 1971, the mission of Shasta Bible College has been to equip men and women for ministry through the local church and missionary outreach agencies. Over the years the College has remained true to its purpose. As a result, SBC alumni are faithfully serving Christ as pastors, church staff, and missionaries across the nation and around the world.

Today the College continues to emphasize the priority of church and missionary ministries. Recently, however, it has been impossible to ignore two other areas of church-related ministry, the growing Christian school movement, and the Biblical Counseling movement.

The astounding increase in the number of Christian schools has created an incredible demand for competent Christian educators who are capable of integrating Biblical precepts and academic subject matter. In response to this urgent need, SBC's Professional Education Department was created and cannot produce Christian teachers fast enough to fill the growing number of requests from Christian schools for our graduates. In fact, SBC alumni are now ministering as Christian school educators in Washington, Idaho, California, Hawaii, Oregon, and Seoul, Korea.

As Christians respond to the increasing secularization of public schools, the number of requests for competent, qualified Christian school administrators has multiplied as well. The task of ensuring Biblical Christian student and faculty standards while pursuing educational excellence demands educational administrators who not only know and practice the precepts of God's Word, but also are professional in their educational philosophy and practice.

The M.A. degrees in Biblical Counseling and Christian Family Life Education also meet a growing need on the part of churches and Christian schools for competent counseling that is truly based on Biblical precepts and principles. In contrast to the humanistic counseling and psychology programs offered by most secular colleges and universities, the SBC & GS program uses the Bible as the grid through which all counseling principles and precepts must pass. Even some Christian institutions have failed to adequately expose and separate the humanistic and "politically correct" influences so widely accepted by modern psychology. Often, instead of pointing distressed and conflicted people back to the principles of Scripture, they are offered "Christianized" humanistic solutions from secular psychology which are rooted in the deceptive soil of anthropocentric theology, passed off as "Biblical integration." The result is that divorce rates among Christians and instances of premarital sex in evangelical churches are now statistically on a par with those of secular society. The Biblical counseling and Christian Family Life Education curriculum, crafted by Dr. Harlan Confer and the faculty of SBC & GS, is designed to recognize the reality of biochemical problems while acknowledging the sufficiency of Scripture to meet the majority of human counseling needs

For these reasons, coupled with the growing need for competent church administrators and Biblical counselors, Shasta Bible College offers its Graduate program for the purpose of equipping students with the skills and wisdom to provide exceptional, Christ-honoring leadership in these strategic areas of church-related ministry.

The need for dedicated leaders characterized by Biblical integrity and professional competence in our churches and Christian schools has never been greater. It is my prayer that the Graduate School will be mightily used to counter the effects of secular humanism on our children and grandchildren through our Bible-believing churches and Christian schools.

The resulting document is 10-15 pages. Because the task involves a minimal literature and no collection of field data, it is not a full research report. Though a student's problem and initial literature review may serve as beginning points for a formal thesis, the work required in the course falls far short of an actual master's thesis. To fulfill this requirement, the BC/CFLE student may take SCA 690 as BC 690 and tailor it to his program.
